EDUCATION

Ekiti-State University

Bachelor of Science in Computer Science

Ado-Ekiti, Nigeria

April 2023 – 2027

EXPERIENCE

Student Trainee - Purple bee Tech

Ekiti-State University

June 2023 – Sept. 2023

Ado-Ekiti, Nigeria

- Engaged in practical training focused on UI/UX design and Front-end development.
- Participated in real-world interface prototyping using design tools like [Figma or Adobe XD].
- Built responsive front-end components using technologies such as HTML, CSS, and JavaScript.

Team Lead – Group Project (EKSU Academic Project)

Ekiti-State University

Sept. 2023 – Nov.2023

Ado-Ekiti, Nigeria

- Led a team of 3 in building a student profile management system as part of a departmental group project.
- Coordinated task assignments, timelines, and communication to ensure on-time delivery.
- Designed and presented the project interface using front-end technologies and UI principles.
- Received positive feedback for leadership and problem-solving during presentation.

Assistant Team Lead – Student Developer Collaboration

Ekiti-State University

March 2024 – May 2024

Ado-Ekiti, Nigeria

- Assisted the team lead in planning and coordinating a front-end development project focused on building interactive web pages.
- Supported UI/UX design processes, ensuring consistency across all screens and user flows using tools like Figma.
- Contributed code and design input in building responsive layouts with HTML, CSS, and JavaScript.

PROJECTS

Tennda | *HTML, CSS, JavaScript, Figma*

Jan 2025 – Present

- Developed the front-end and UI design for Tennda, a school-based platform for automating student attendance, issuing scannable ID cards, and managing institution-wide reports.
- Built responsive layouts and components, integrating a clean user flow for admins, lecturers, and students.
- Designed the landing page, stat dashboards, and login flows using Figma and implemented them using semantic HTML/CSS.

Vincylee Phone Exchange | *HTML, CSS, JavaScript, Figma*

May 2024 – July 2024

- Designed and developed the front-end of Vincylee, a phone brand site that enables users to trade or exchange mobile devices.
- Designed product listing pages, inquiry forms, and modern user interfaces designed for mobile responsiveness.
- Focused on improving UI usability, branding alignment, and CTA effectiveness.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python.

Design Tools: Figma, Adobe XD

Frameworks/Tools: Git, VS Code, Bootstrap

Concepts: UI/UX Design, Wireframing, Responsive Design, ID Card Systems, Front-End Development
